MOORE
DEGRA

in memoriam

The yearbook staff proudly dedicates the 1967 Garfield GLEANER to the memory of John Edmonds, 1953 - 1966.

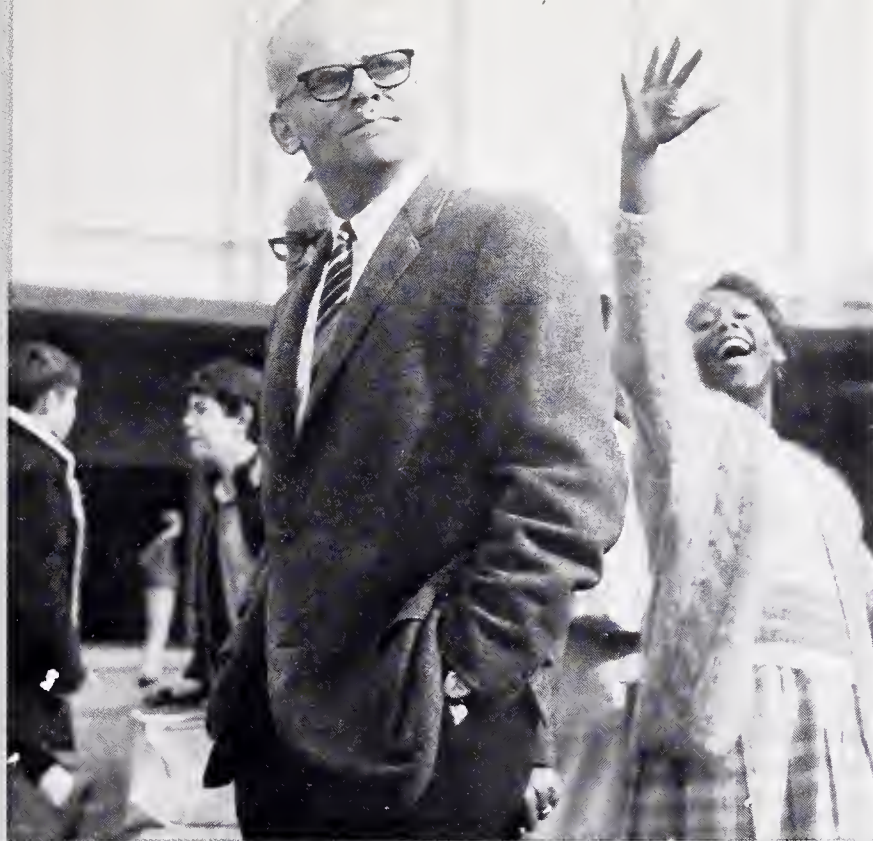

john edmonds

1953 - 1966

"During the year one of our most courageous students died of cystic fibrosis, a disease he had been living with for 13 years. John Edmonds knew of his handicap but was determined to be brave and to make the most of his short life. His parents report that John died with love in his heart for his friends and relatives. He was a fine boy and we will always remember him with fondness and admiration.

I believe it is important to relate a short story about John. John was weak physically because of the disease. Last year in October as he walked home after school, two larger boys began bullying John, and made life unpleasant for him. He did his best to avoid the boys, but the bullying continued for a number of days. Although John never used his physical handicap as an excuse, he finally had to report the problem to his father and to me. We caught the boys who had spoiled a few days in the short life of John Edmonds, but John did not want to get the boys in trouble. This consideration of others was typical of his attitude. I'm sure if more people shared his attitude, the world would be a better place in which to live. We will miss John, but we are grateful we knew him."

Mr. Rowe, Principal

principal's message

A former student of mine returned recently for a visit. We talked about his future, and as he left, I wished him "good luck." He asked, "Wouldn't you be impressed if I returned a few years later driving an expensive car and smoking a big cigar?" I admitted that I might take a second look, but that I agree with Albert Einstein who said, "Try not to become a person of 'success', but rather try to become a person of 'value'." He is considered 'successful' in our time who gets more out of life than he receives."

I am not sure if my visitor understood the quotation but I am sure you do. I have enjoyed working with you. Congratulations for your achievements at Garfield! I wish you good luck as you become young people of value.

in retrospect

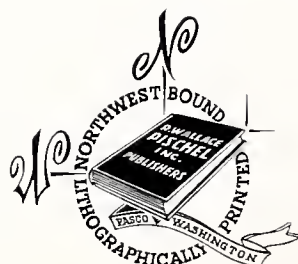

The 1967 Garfield Junior High School GLEANER is now finished. It is not a perfect yearbook. It was never intended to be. It is an example of what can be done when a staff of 46 frantic students, one harried advisor and countless numbers of tremendously helpful people contribute their talents and energies to a project. To all of the faculty, students, advisory representatives, candid-contributors, paste-up helpers the GLEANER staff gives you its deepest thanks for a job well-done.

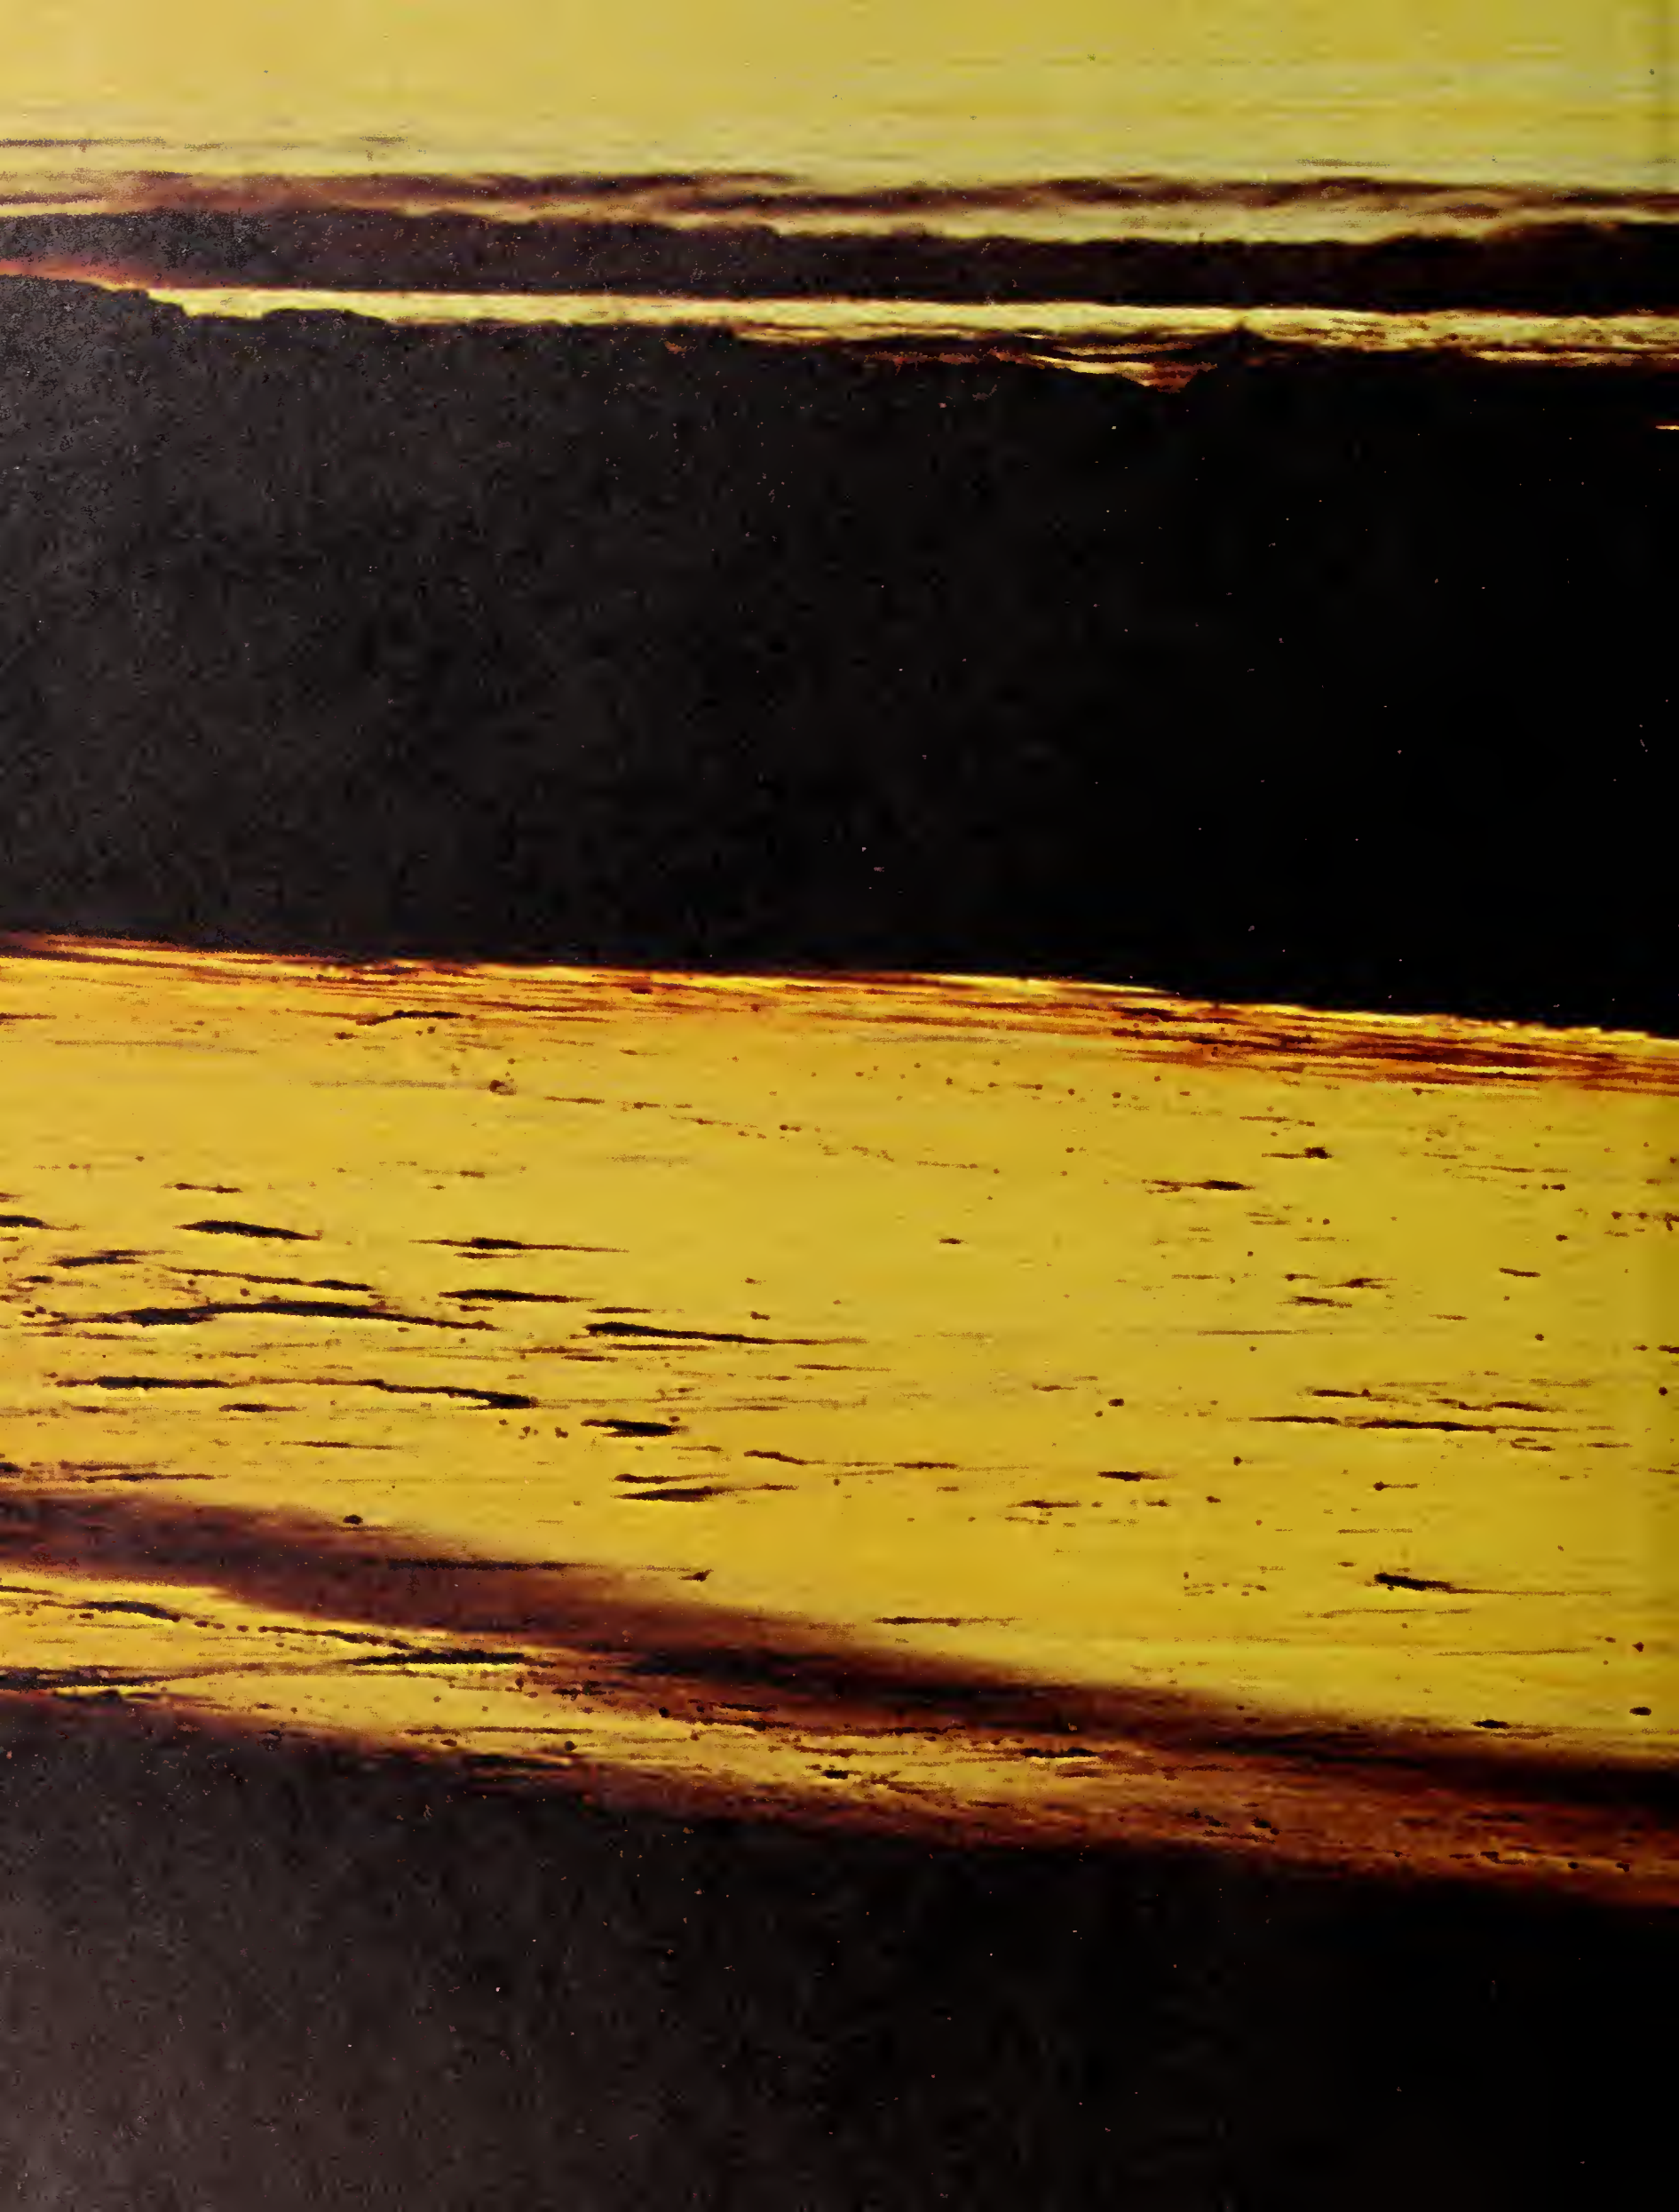

The 1967 GLEANER has made many mistakes, and its staff has learned from them. If you or your name was involved in one of them, the staff sincerely apologizes. We hope that you will accept this yearbook for what it is: a sometimes funny, sad, silly, serious, memory-filled series of pages that mirror the events and happenings at Garfield Junior High School during the past school year. Read it, enjoy it, for it is a reflection of you and your school.
